

SERVICES AGREEMENT

Between Hassan Ali Zain and Black Ops Cleaning Company LLC, for the website rebuild, Google Business Profile, review system and citation work described below.

PARTIES

THE PROVIDER	THE CLIENT	AGREEMENT DATE
Hassan Ali Zain	Black Ops Cleaning Company LLC	24 August 2026
Website, Google Maps and local search	Amilcar Ayala	
Referred to below as "the Provider"	121 Talbott St, Rockville, MD 20852, United States	
	Referred to below as "the Client"	

REFERENCE
BOC-001

1. SCOPE OF WORK

1.1
THE WEBSITE

The Provider will correct every technical fault identified in the audit of blackopscleaningco.com, including compressing and converting images, bringing Core Web Vitals to green on mobile, adding a main heading to every page, rewriting page titles and descriptions, removing the CDC, EPA and OSHA agency logos, adding structured business data, rebuilding the enquiry form to qualify commercial leads, and installing call tracking and conversion tracking.

1.2
THE PAGES

The Provider will write and build **57 pages**: 13 service pages, 17 town pages, 19 pages combining a service with a town, and 8 supporting pages. Fourteen priority pages will be live within the thirty day schedule. The remaining 43 will be released on a rolling schedule of two to three per week until all 57 are published, at no additional cost.

The Client acknowledges that town pages require a genuine completed job in that town, a photograph from it, and a local detail, and that pages for towns where the Client has not worked will be deferred until such a job exists.

1.3

GOOGLE BUSINESS PROFILE

The Provider will audit and fully rebuild the Client's existing Google Business Profile, including category research, service area configuration, all services written as separate items with descriptions, the Products section, business description, attributes, hours, twenty photographs, and seeded questions and answers. The Provider will also merge the duplicate Facebook page and repair the Chamber of Commerce listing.

1.4

REVIEW SYSTEM

The Provider will build a review generation system: a competitor benchmark establishing the Client's real review target, a direct review link and QR code, a written technician script, an SMS sequence with one reminder, response templates for positive and negative reviews, and the handling of all review replies for the first month.

1.5

CITATIONS

The Provider will create between 30 and 40 business listings with identical details throughout, audit existing listings, remove duplicates, and claim unclaimed profiles.

2. FEES AND PAYMENT

2.1

FEE

The total fee is **three thousand three hundred United States dollars (\$3,300 USD)**, fixed and one time. The fee does not change if the work requires more hours than estimated, and there are no further charges under this agreement.

2.2

SCHEDULE

The fee is payable in full on signing this agreement, to begin work. There is no payment plan and no instalments.

2.3

METHOD AND CHARGES

Payment is by bank transfer to the account detailed on invoice BOC-001. All bank charges, intermediary fees and currency conversion costs are payable by the Client in addition to the fee. The Client should quote the reference BOC-001 on each transfer.

2.4

PAYMENT METHODS

Payment may be made by licensed money transfer service or by bank wire, to the account named on invoice BOC-001. Both are acceptable. The Client should quote reference BOC-001 either way.

3. TIMELINE

3.1

DURATION

Thirty days, in three stages: days 1 to 10, days 11 to 19, and days 20 to 30. The rolling release of the remaining pages continues after day 30 until all 57 are published.

3.2

START DATE

The thirty day period begins on the later of: the date payment is received, or the date full account access is handed over.

3.3

DELAYS

Delays caused by late account access, late approval of drafts, missing photographs, or any other client-supplied material extend the schedule by the length of the delay. Delays caused by third party platform verification, including Google Business Profile verification, extend the schedule and are not a breach by either party.

4. CLIENT OBLIGATIONS

4.1

ACCESS AND INFORMATION

The Client will provide, within the first week: access to the Google Business Profile, Google Search Console, Google Analytics, website administration, hosting, and domain or DNS; licence and insurance numbers; SAM.gov details; a business email inbox the Provider can reach; and a telephone number that will be answered for automated verification calls.

4.2

PHOTOGRAPHS

The Client will supply a minimum of five photographs of completed work each week. The Client acknowledges that these are required to replace stock photography and to enable town pages, and that the rate at which remaining pages can be published depends on them.

4.3

REVIEWS

The Client acknowledges that business to business reviews cannot be generated by the Provider and must come from the Client personally contacting past and current customers. The Client agrees to make these approaches. The Client acknowledges that Google Maps visibility depends materially on review volume and frequency, and that failure to generate reviews will limit results regardless of the Provider's work.

4.4

DECISIONS

The Client will confirm, within the first week: whether the business will answer telephone calls twenty-four hours a day, and whether the business positions itself as commercial and specialty or also residential. Emergency response pages will not be built where the Client does not commit to twenty-four hour telephone cover.

4.5

APPROVALS

The Client will respond to drafts within three working days.

5. GUARANTEES AND DISCLAIMERS

5.1

DELIVERY GUARANTEE

At day 30, if all three of the following are not true, the Provider will continue working at no additional cost until they are:

- The Client's homepage loads in under two seconds on a mobile connection
- The Client's Google Business Profile is complete
- All fourteen priority pages are live

This guarantee does not apply where the failure is caused by the Client not meeting its obligations under clause 4, or by Google verification timelines outside the Provider's control.

5.2

NO PERFORMANCE GUARANTEE

The Provider gives **no guarantee** as to search engine rankings, Google Maps position, traffic volume, number of enquiries, conversion rate, or revenue. Search engines are operated by third parties whose algorithms, policies and timing are outside the control of either party. Any figures discussed in proposals, audits or meetings are published industry benchmarks or illustrative estimates and do not constitute a forecast, representation or warranty of results.

5.3

THIRD PARTY PLATFORMS

The work depends on platforms operated by third parties including Google, Meta, Yelp and various business directories. Account suspensions, policy changes, verification delays, rejected listings and service outages on those platforms are outside the control of either party and do not constitute a breach of this agreement.

6. EXCLUSIONS

6.1

NOT INCLUDED IN THE FEE

The following are outside this agreement and are quoted separately if required: paid advertising including Google Ads and Local Services Ads; professional photography; the government contracting page and capability statement; ongoing monthly management after this engagement; and third party costs including call tracking subscriptions, paid directory memberships, hosting and domain renewals.

6.2

REVISIONS

Two rounds of revisions per page are included. Further rounds, or changes that alter the agreed scope, are quoted separately and begin only on the Client's written approval.

7. OWNERSHIP AND CONFIDENTIALITY

7.1

OWNERSHIP

On receipt of full payment, all work produced under this agreement, all content written, and all accounts and listings created belong to the Client. All accounts are registered in the Client's name. The Provider retains no ongoing control and imposes no lock-in.

7.2

CREDENTIALS

The Provider will handle all login credentials securely and will return or delete them on completion of the engagement at the Client's request.

7.3

CONFIDENTIALITY

Each party will keep confidential any non-public business, financial or operational information disclosed by the other during this engagement, and will not disclose it to any third party without written consent, except where required by law.

7.4

CASE STUDY AND TESTIMONIAL

The fee reflects an introductory rate. In consideration of that reduced fee, the Client agrees to provide: a written case study using the project results; a short video testimonial once results are visible; and two introductions to other business owners. The Provider will not publish confidential financial figures without the Client's written approval.

8. GENERAL

8.1

TERMINATION

Either party may terminate this agreement on seven days written notice. Where the Client terminates after work has begun, a refund is calculated pro rata against the work completed to the date of termination. All completed work, accounts and credentials are handed to the Client regardless of the reason for termination.

8.2

LIMITATION OF LIABILITY

The total liability of either party under this agreement is limited to the total fees paid. Neither party is liable for indirect, incidental or consequential loss, including lost profits, lost business or lost opportunity.

8.3

INDEPENDENT CONTRACTOR

The Provider is an independent contractor. Nothing in this agreement creates an employment relationship, partnership, or joint venture between the parties.

8.4

ENTIRE AGREEMENT

This document, together with invoice BOC-001, forms the entire agreement between the parties and supersedes any prior discussion, proposal or representation. Any variation must be agreed in writing by both parties.

8.5

GOVERNING LAW

This agreement is governed by the laws of the State of Maryland, United States. Any dispute will first be addressed by good faith discussion between the parties before any formal proceedings are commenced.

9. SIGNATURES

By signing below, both parties confirm they have read, understood and agree to the terms set out in this agreement.
