TWO WAYS TO PAY

METHOD	NOTES
Tap Tap Send Recommended	A licensed money transfer app. Free to send, and the exchange rate is better than a bank wire, so less of the amount is lost to fees. Send to the account name and number below. A short walkthrough is linked in the covering email.
Bank wire	Works exactly the same. Use the IBAN below. Wires typically carry a sending fee and sometimes an intermediary fee, which is why the first option is suggested. Either is completely fine.

PLEASE NOTE Quote the invoice reference BOC-001 on the transfer so it can be matched. Any bank charges or intermediary transfer fees are payable in addition to the invoice total. Work begins in the same week payment is received and account access is handed over.
